Due to demand and more European machines arriving in the States, Popular Tools is now stocking more metric size saw blades from 180 mm to 670 mm in diameter for your convenience. Grecon, Elumatec,
Kaltenbach, Kalamazoo, and Paul are just a few examples of the machines we stock blades for.

Our blades are laser cut, precision ground, automatically brazed, tensioned, and balanced in our modern facility. We continually invest in state of the art machinery to maintain the highest standard of quality possible. Call us today for one of our large diameter saws!

All of the blades shown below are on the shelf, normal stock items.
 Don't forget to check our website for our complete list of saw blades up to $32^{\prime \prime}$ in diameter!

## Non-Ferpous dewy
